To The National Labor Relations Board in Washington D.C.

The Union ILWU committed fraud against me, Edmund Oberti in the following ways-

1. The Union I.L.W.U. had falsely accused me many times of lying about my medical disability shy bladder, that I suffered from while taking their physical.

Result- No support from my union for getting reinstatement to my job.

2. The Union I.L.W.U. also accused me of writing the prescription for the medication to help me with my disability, that was given to me by my doctor. Also they implied me of taking letterhead from the doctor's office, and forging his name, and writing a letter stating that I suffered from a medical disability, and that signed it. That is the reason that there are 4 doctor letter's and a 24 triage nurse letter. These implications are a defamation of character, for calling me a thief and a forger. I even brought letters of recommendation from the St. James Cathedral, and the D.A.D.'s divine intervention for children. and a few others.

Result- Again no support from my union. Instead I only receive accusations, and implications. No support of me getting my job reinstated.

3. Also the I.L.W.U. stated they support my reinstatement, and welcome me back. Also I was told by the attorney Clem Barnes, and my attorney after we agreed on it. Also I have other witnesses.

Sincerely,

Edmund A. Oberti
